SOLUTIONS FOR LIFE

**Ultimate Leadership** is a highly effective program developed by Dr. Henry Cloud and Dr. John Townsend to accelerate personal and professional growth. This one-of-a-kind workshop will help you become the leader you want to be.

Ultimate Leadership uses a powerful approach to leadership and **delivers dramatic results.**

Successful leadership is much more than skills and talents. *Who you are on the inside affects your leadership and your life.* This workshop will help you discover important personal insights resulting in profound shifts in behavior.

You will leave with a plan for continued personal and professional growth!

The Ultimate Leadership workshop combines practical teachings with intensive small group experiences designed to help you:

- Identify obstacles or patterns of behavior that have kept you from succeeding
- Go past information-based learning and experience real transformation
- Deepen your understanding of the personal growth process
- Learn a model of growth based on leadership and psychological research
- Practice healthy confrontation with grace and truth

You will take part in two or three process groups daily. These sessions will help you integrate new information with both new and past experience. Professional facilitators guide the sessions.

You can expect **live teaching sessions** with Drs. Cloud or Townsend, as well as a few special DVD presentations.
