

## Outline

### God Will Make a Way Principle-5: Own Your Faults and Weaknesses

We all have gifts and talents, as well as faults and weaknesses. We need to be aware of these in order to use our gifts to the fullest—and in order to accept responsibility for our faults. The book of James tells us to ‘*confess your faults one to another so that you may be healed.*’ Do you know your faults? Although the truth can be painful, it can also set us free. Join Dr. Townsend as he helps us see the importance of owning the truth about ourselves. Principle five is vital to our success in life and relationships.

#### Small group discussion questions:

1) Name one problem where you have gotten stuck in blame. What was the result?

2) Ask yourself or the group why ownership of your faults is so difficult. How do you feel? Do you feel overwhelmed, judged, unfairly treated, or guilty?

3) Name one problem that you can have some percentage of ownership in (take responsibility for), and become empowered to make choices. The higher the ownership, the higher the empowerment!
